Sustainability and doing our bit for
the environment is a priority for us.

Local Washroom Services with a National Reach

Providing eco-friendly solutions to make your washrooms work efficiently and create the best possible impression of you and your company.

perfect

Our Standards

We operate in accordance with our Environmental and Sustainability policy and our Corporate Social Responsibility (CSR) policy.

Our Commitment

PerfectHygiene specialises in providing eco-friendly solutions to make your washrooms work efficiently, look fantastic and create the best possible impression of you and your company.

Our Vehicles

PerfectHygiene's branded and specially-equipped vehicles carry all the necessary waste collection permits to ensure waste is disposed of in an environmentally friendly and compliant manner.

All service vehicles are EURO 6 compliant to help with the environmental impact our washroom services have and to assist with air quality standards on all client premises.

Our Sanitary Products

Reliable and discreet sanitary disposal services are an essential provision for all female or unisex toilets, disabled toilets and baby changing facilities.

Our sanitary units, which can either be pedal or sensor operated, meet these requirements – and more.

They're simple to use, and ensure a safe and hygienic sanitary disposal facility for toilet cubicles.

PerfectHygiene offers fully bespoke and flexible servicing across our sanitary waste services including the collection and exchange of sanitary and

nappy bins. Indeed, everything we do is tailored to the needs of your staff and building users.

All waste is disposed of in an environmentally friendly manner via our specially equipped vehicles which carry all necessary waste collection permits.

Introducing

selenei™

Cost

Zero Waste - 100% of paper is used

Prevents Over Use - Towels are cut at economical lengths and dispensers are engineered to provide tension

Maintenance

High Capacity - Reduces janitorial time and increases product availability

Lockable and made from ABS - stopping theft and vandalism

• Soap

• The Orbit

• Roll Towel

We Can Help Provide a Great Welcome

Our Mat and Floorcare Services

PerfectHygiene can ensure that your office or building entrance is presented in the best way by providing a serviced rental contract to replace your mats with a fresh, clean one.

Our first-rate range of mats have been constructed to not only look great, but also to provide added value compared with others on the market.

Floor mats are the perfect way to protect your building against the daily influx of

dust, dirt and moisture brought in on visitors' footwear – while also enabling your entrance way to look clean and inviting.

Our broad range of high-quality matting can help prevent slips and falls, reduce fatigue for workers who are standing for long periods while custom logo mats can create a fantastic image for your brand.

Whatever the requirement, *PerfectHygiene* is your perfect partner for mats.

Experience Unparalleled Air Freshness with

oxy-gen[®]
POWERED

Easy to Install & Service

The dispenser can be easily mounted on the wall using double-sided tape or screws. The simple push and go format ensures that it is easy to replace cartridges or batteries.

Effective Fragrance & Odour Elimination

Neutra-lox is extremely effective against the smell of urine, faeces, body odour, tobacco, pet malodor, kitchen odour, mold and mildew etc. Unlike

other systems that only mask odours, Oxygen-Pro cartridges eliminate odours and releases fragrance effectively.

Eco-Friendly

Unlike aerosols, the Oxygen-Pro system does not contain any CFCs, has no added VOCs or propellants. A fresh, constant level of fragrance is released continuously, consistently and discreetly. The cartridges can be safely disposed of in a plastic recycling at the end of the cartridge life.

Clinical Waste

PerfectHygiene provides efficient and reliable bulk hygiene and healthcare waste disposal services.

Our pedal-operated internal bins and lockable external wheeled bins are available in a range of sizes to create the perfect solution to fit around your needs.

Sharps Disposal - Our sharps bins are user-friendly and available in a range of sizes from 1L to 50L. They provide a simple and cost-effective solution for the safe disposal of healthcare waste.

We can operate daily, weekly and monthly services. These collections can be tailored to your organisation and can be increased during peak or busy times.

All work is carried out by our fully trained and licensed Waste Operatives.

www.delphiseco.com

PerfectHygiene are delighted to partner with UCAN urological cancer charity on a fantastic new initiative.

We have developed a unit to assist in the discreet disposal of male incontinence product waste. By providing these bins in clearly signposted cubicles we are helping to maintain the

dignity of users with urological conditions.

PerfectHygiene also seeks to raise awareness of the potentially life-saving services offered by UCAN and, at the same time, support them financially...For every unit that we place in premises, we will donate to UCAN.

UCAN's goal is to fund a Urological Cancer Diagnostic Centre (RDC) at Aberdeen Royal Infirmary.

The Rapid Diagnostic Centre aims to enable more patients with a suspected urological cancer aims to enable more patients with a suspected urological cancer to be seen quicker, and to have all of

their scans and/or diagnostic procedures during a single visit to hospital.

The RDC also aims to significantly reduce the time to diagnose, which will improve cancer treatment outcomes and reduce anxiety for patients and their families across the North of Scotland.

“ Well done PerfectHygiene and UCAN...Wee Can is a brilliant initiative that will make a difference to men. ”

Supported by Scotland and AFC legend Jim Leighton
